

SALES GROWTH BOOSTED BY CONDOMINIUM ACTIVITY

Lack of choice in single family sector impacts sale growth.

Calgary, March. 3, 2014 – Following double digit gains last month, sales growth in the city of Calgary totaled 1,854 units, or an 8.68 per cent increase over the same period in 2013. Slower sales growth resulted in a reduction of listings in the single family sector. However, single family sales still totalled 1,230 units, a 1.9 per cent increase over the previous year.

“Demand growth in the single family sector has been restricted by the availability of product,” says CREB® Chief Economist Ann-Marie Lurie. “New listings in this sector fell for the second consecutive month, causing further tightening in an already undersupplied market.”

Despite the pull back in the single family sector, condominium sales continue to surge. After the first two months of the year, both condominium apartment and townhouse sales increased by 28 per cent compared to last year.

“Consumers who are in the market for single family homes priced below \$300,000 do not have many options, and when product does become available, it typically does not stay on the market for long,” says CREB® President Bill Kirk. “However, nearly 54 per cent of the new condominium apartment listings this year are priced below \$300,000, which is providing options for consumers looking for affordable product.”

The condominium market benefited from significant gains in new listings. Year-to-date, condominium apartment and townhouse listings improved by a respective 17 and 4 per cent for a combined total of 1,737 units.

“As we move into the spring market we expect that listings will improve in all sectors,” says Kirk. “The rise in listings will help ease some of the tightness in the market, with price growth impacts varying by community and property type.”

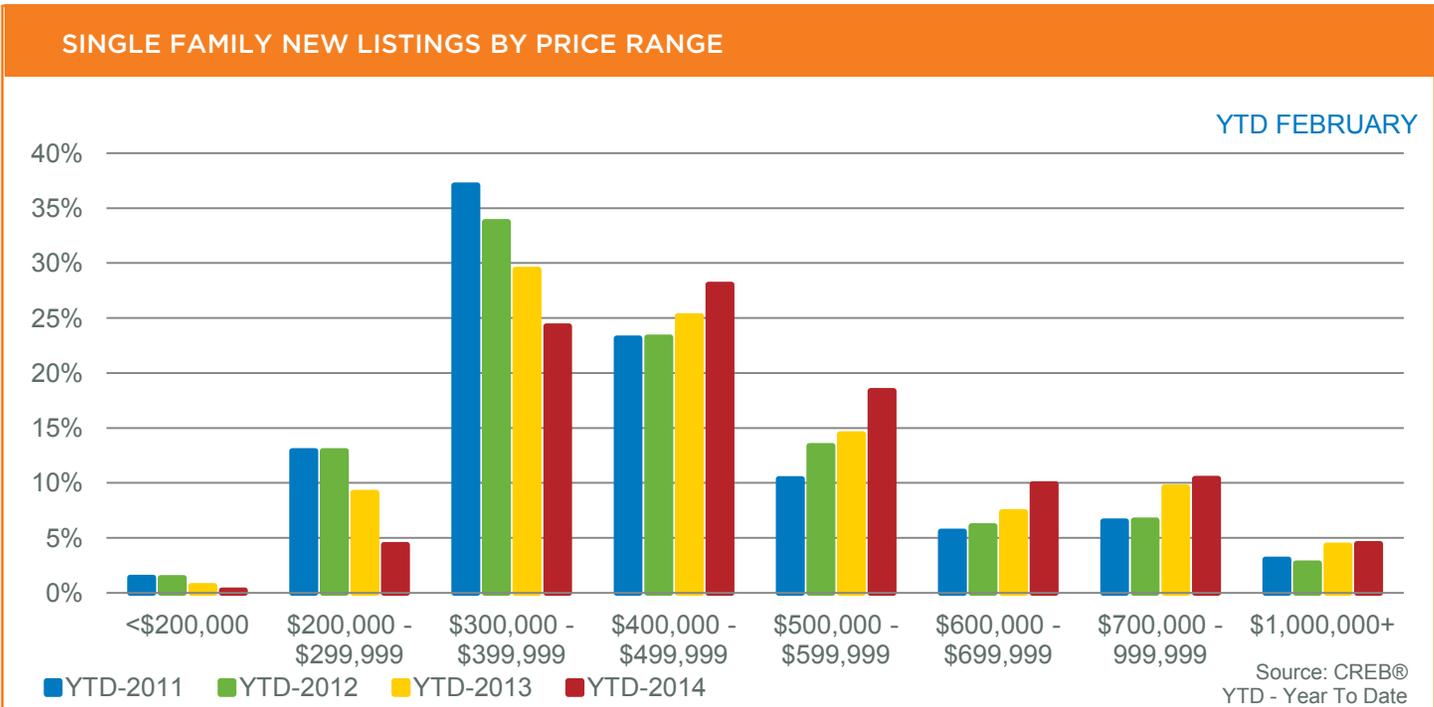

With no significant additions to the housing supply, resale prices continued to rise.

The unadjusted single family benchmark price totalled \$482,800 in February, a 1.28 per cent increase over the previous month and a 9.1 per cent increase over the previous year.

Meanwhile condominium apartment and townhouse prices totalled a respective \$283,400 and \$309,700. Condominium apartment price increases remain at double digit levels this month with a year-over-year gain of 12.4 per cent.

Despite the strong gains in condominium prices, overall benchmark prices in both the apartment and townhouse sector continue to remain below peak records set back in 2007.

“Resale market conditions have favoured the seller, and this has translated into price gains, which is strongest in the condominium sector,” says Lurie. “However, it is important to note that condominium prices have not yet risen above previous highs, whereas single family prices recovered last year.”

Months of Supply - Active Listings (Inventory) / sales

Composite - includes single family, apartment and townhouse activity

Average DOM - Average Days on Market for Sold properties

SP - Sales Price

Benchmark Price - Price of the typical home, based on the value consumers assign to various attributes

MLS® Home Price Index - changes in home prices by comparing price levels at a point in time with price levels in a base (reference) period.

LP - List Price

Sales \$ / List \$ - sales price to list price ratio

CRES - Country residential properties

YTD - Year to Date

3 month MA - 3 month Moving Average

HOW THESE STATISTICS ARE CALCULATED

In order to align our data with the MLS® Home Price Index (HPI), we made several changes to the data that we report, as well as the monthly statistics.

The new package provides more information and data exclusions to provide a better residential picture. All the data provided through the monthly statistics package as of March 2012, reflect these adjustments. Please note, historical PDF packages do not include the changes.

MONTHLY STATISTICS PACKAGE

- We now provide monthly statistics for: CREB® Total Residential, CREB® Towns, CREB® Country Residential (CRES), City of Calgary, City of Calgary Single Family, City of Calgary Apartment, City of Calgary Townhouse.
- Median prices have been removed and replaced with the benchmark price and the index.
- MLS® HPI Summary was added.
- Several trending graphs and summary stats were added for each category

All categories exclude: vacant lots, time shares, parking stalls and mobile homes on leased land.

CITY OF CALGARY

- Includes sales in Zones A, B, C, D only.
- Condominium Apartment - includes all 'Condominium' title properties that are classified by type as either a low-rise or high-rise apartment.
- Condominium Townhouse - includes all 'Condominium' titled properties that are not classified as an 'Apartment.'
- Historical inventories have been adjusted to reflect the adjustments made to the data.

TOTAL MLS®

- Changed to **CREB® Total Residential**
- Excludes: Rural Land, Country Recreational (CREC).
- The exclusions applied to the data results in roughly 400 - 500 less sales per year.
- Historical inventories have been revised to best reflect the adjustments made to the data, while Mobile Homes, Rural Land and CREC were removed for inventories, we could not exclude vacant lots, time shares and parking stalls from historical inventories.

CREB® Towns

- Includes only areas outside of Calgary in which CREB® represents the majority of membership
- Areas included: Airdrie, Foothills, Kneehill, Mountain View, Rocky View, Wheatland and Willow Creek.
- All historical data has been revised

ABOUT CREB®

CREB® is a professional body of more than 5,100 licensed brokers and registered associates, representing 245 member offices. CREB® is dedicated to enhancing the value, integrity and expertise of its REALTOR® members. Our REALTORS® are committed to a high standard of professional conduct, ongoing education, and a strict Code of Ethics and standards of business practice.

For Calgary Metro, CREB® statistics include only Zone A, B, C and D for properties located in Calgary. Furthermore, all historical data has been adjusted to the most current information.

Any use or reference to CREB® data and statistics must acknowledge CREB® as the source. The board does not generate statistics or analysis of any individual member or company's market share. All MLS® active listings for Calgary and area may be found on the board's website at www.creb.com.
